

# POLYFLEX® TRANSPARENT POWDER COATINGS

**Clear powder coatings with  
excellent processing properties  
and very good flow.**

A clear protective coating for already coated surfaces and also for glass, ceramics, aluminium, steel and a selection of non-ferrous metals.

KARL BUBENHOFER AG

# POLYFLEX® transparent powder coatings have been specially developed as protective coatings for surfaces that have already been painted or coated.

*POLYFLEX® transparent powder coatings make the perfect top coat. They are highly resistant to scratching and impacts and have good mechanical properties. These transparent powder coatings are ideal for metal substrates both inside and outside. They provide excellent protection against corrosion and weathering.*

## ✓ DECORATIVE PROPERTIES

Special visual effects  
can be achieved on  
steel and aluminium.

## ✓ EASY APPLICATION

The coatings can be applied with all  
common types of powder coating  
application system.

### TRANSPARENT COATINGS FOR **INTERIOR** USE, COLOURLESS, SHADE NO. 1M8217

Art. no. 14238, POLYFLEX® PAC-50, matt, Corona

Matt transparent powder coating based on polyester and acrylate resins  
with good flow. Limited mechanical resistance.

Art. no. 14103, PPOLYFLEX® PES-55-NT, gloss, Corona

Fast-reacting, gloss transparent powder coating based on polyester and epoxy  
resins with excellent flow, very good mechanical properties and good yellowing  
resistance. Can be cured from a temperature of 160°C.

### TRANSPARENT COATINGS FOR **EXTERIOR** USE, COLOURLESS, SHADE NO. 1M8217

Art. no. 11981, POLYFLEX® PES-125, gloss, Tribo/Corona

Art. no. 12517, POLYFLEX® PES-125, silk gloss, Corona

Transparent polyester powder coating for exterior use with excellent light  
and weather resistance, good mechanical properties and very good flow.  
Can be cured from a temperature of 170°C.

Art. no. 13877, POLYFLEX® PUR-125, silk matt, Corona

Transparent polyurethane powder coating for exterior use with excellent light  
and weather resistance, good mechanical properties and very good flow.

If you have questions, please speak to your customer adviser,  
who will be happy to discuss the options available for your  
application.
